What is my status?

Determine where your farm business is sitting to understand your next steps for NZFAP Plus. See the following status examples:

I am not NZFAP certified and haven't started anything involving farm assurance.

Get in touch with your ANZCO Foods Livestock rep or the Quality Assurance (QA) team to get started with NZFAP.

My farm is NZFAP certified.

Great! You have met the pre-requisite for NZFAP Plus. [Refer to page 3 to determine your next steps.](#)

- **I have filled out a NZFAP Plus application form,**
- **I have completed my self-assessment for NZFAP Plus, OR**
- **I am ready for my NZFAP Plus audit**

[Refer to page 3 to determine your next steps.](#)

What are the different stages of NZFAP Plus, and what do they give me?

Membership

You officially become a member of NZFAP Plus once you have completed the self-assessment.

NZFAP Plus membership gives you access to a variety of deals to help you through the process including two hours of free consulting with Agri Intel to give you a clear plan and indication on your next steps. Contact the ANZCO Foods QA team to learn more.

Silver or Gold certification

Your farm is NZFAP Plus certified once you complete an audit and receive a certificate.

There are two tiers of certification: Silver and Gold. The tier you achieve depends on the requirements you meet and what you are personally aiming for; however, the benefits offered by ANZCO currently remain the same for both tiers.

As an ANZCO Foods producer, NZFAP Plus certification (Silver or Gold) gives you:

- **A premium** on contracted, in-spec lamb, prime steer/heifer, and bull
- **Double Advantage points** for the first 12 months if you are, or become, a member on contract
- **\$1,000 rebate** for the first 50 farmers certified from 1 January 2025
- **Plus** knowledge and understanding of your farming systems to future proof your business and make informed decisions

How do I become NZFAP Plus certified?

Step 1

Your farm must be NZFAP certified to apply for NZFAP Plus.

Step 2

Fill out an NZFAP Plus application form and send the completed version to the ANZCO Foods QA team. You can find these forms on www.nzfap.com or contact the ANZCO Foods QA team.

Step 3

You'll be emailed a digital self-assessment by QCONZ once you submit your application form. This steps you through the requirements and helps you understand what you may still need to work on. **Once you complete the self-assessment, you're officially a member of NZFAP Plus.**

Step 4

Once you become a member, you can request an audit with the QA team when you feel ready. It is important to note there is a 4 to 8 week wait time to get an audit booked, so this must be considered when requesting an audit. The QA team has a range of support and resources available to assist you along the way. Refer to the back page for more information.

Step 5

Once you have successfully completed an audit, you are NZFAP Plus certified (either Silver or Gold). The audit will reoccur every three years from the date of certification.

Email the ANZCO Foods QA team at QAadmin@anzcofoods.com

What resources does ANZCO Foods offer for NZFAP Plus?
